THE MONETARY SYSTEM

Editor, Western Globe:
Dear Sir:—Rightly or wrongly the world no longer has confidence in the monetary system. The repeated failures of finance and the collapse of the gold standard system in each and every emergency has undermined the faith of the public in the honesty of its money. The known solidity of our banks and the proved integrity of our bankers have failed to stem the growing mistrust of the currency and credit system which banks and bankers uphold and operate.
"The money industry should consider their own position. Were they to do so, they would—in my humble opinion they must—arrive at the conclusion that the future welfare of the money industry as it is at present constituted depends entirely upon its own power to crush out the human impulse to go forward."

Mrs. A. M. Peterson Passes Away At Springfield, Ore.

Many friends and acquaintances in the district of Mrs. Alice M. Peterson will regret to learn of her death, at her home in Springfield, Oregon, on Tuesday, Aug. 23.

She was born at Dalles, Ill., in 1869 and married P. H. Peterson at Sloan, Iowa, in 1891. The family moved to Oregon in 1901, locating at Springfield, and came to Lacombe in 1906, residing in the Lakeside district, where she was well and favorably known.

In 1923 the family returned to Springfield and have lived there since that time.

Mrs. Peterson is survived by her husband, four sons and two daughters, Leland V. and Van F. Springfield, Ore.; Floyd C. Detroit; Harold O. Lacombe; Mina M. Lela M. Springfield; one brother and 15 grandchildren.

Twenty Thousand Head Of Lambs to be Shipped To This District

Twenty thousand head of lambs will be shipped into this district by the Central Alberta Livestock Feeders' Association, Ltd., this fall, according to information received by D. F. Chisholm, the secretary.

Financial assistance has been received from the Royal Bank here and the sum of \$100,000 has been borrowed to finance the association. In addition to the lambs, 1000 head of cattle are expected to be shipped into the district from the dried-out areas of the south country.

(This is the seventh year in which the association has been active in this work.)

Mrs. A. Gaetz, Tees, Passes Away at Her Home Saturday

(From Our Tees Correspondent)

Mrs. Annie Gaetz, a respected resident of the Tees district, passed away at her home Saturday night.

Although ailing for some years, the end came as a shock to those who knew her. Mrs. Gaetz, with her husband, came to Canada almost 55 years ago, living in many parts and finally settling in the Leithridge area, where they spent many years.

During the past 15 years, Mrs. Gaetz has lived with her son Joe on his farm south of Tees. Other children of this aged lady are still living in Southern Alberta.

The funeral was held at Tees on Monday afternoon and a large crowd turned out to pay their respects to the old-timer, who was 74 years of age. Rev. Father Detrich officiated. Interment took place at Tees cemetery.

This Week's Thought

It isn't the man who knows the most, but the man that knows the best, that's wisest.

THE WESTERN GLOBE

VOL. XXXIII.—No. 50 LACOMBE, ALBERTA, THURSDAY, SEPTEMBER 9, 1937 Price—5 Cents

G. P. Vickers, Old Timer of This District Dies

Passes Away at Home On Tuesday Morning

A highly respected business man and a resident of Lacombe since 1906 and one of the well-known old-timers, G. P. Vickers passed away at his home Tuesday morning, at the age of 75. Mr. Vickers was extremely popular in and around this district, and was at one time a councillor of Lacombe.

In his early days here, Mr. Vickers operated a lumber yard and worked on a considerable number of contracting jobs. He worked on the Adelphi Hotel, built St. Andrew's United Church and the Skating Rink. In later years he was the Cockburn dealer here.

He was born near Cleveland, Ohio, on March 31, 1862, and came to Lacombe in 1906. He was married in Nebraska, his first wife dying in 1909.

In the year 1912 he was again married, and his wife remains to mourn his loss, along with four daughters, Mrs. Zephia Flood, Edmonton; Mrs. O. Davidson, Edmonton; Mrs. Vena McDougall, Edmonton; and Grace, a nurse at the University Hospital, in Edmonton, and one sister, Mrs. S. Wookie, Fairbury, Neb.

His funeral is being held today (Thursday) at 2:30 from St. Andrew's United Church. The Modern Woodmen of America is having charge at the graveside. Pallbearers are: J. S. McCormick, F. E. McLeod, G. J. Jackson, W. Swanson, Harry Brown and Sam English.

Lacombe and Red Deer Calf Clubs Re-organize

The Red Deer and Lacombe Calf Clubs are now in process of re-organization. After the successes of the last two seasons a large enrolment is expected and with the prospect of a pleasant feed crop, a bigger and better club is anticipated.

Following the plan of last year the calves will be brought in and distributed to members by lottery and only these calves will be eligible to compete. Aberdeen Angus calves will be used this year and the committee is now endeavoring to locate a suitable supply.

Following are some of the general rules which will govern the conduct of the clubs this year:

1. Calves will be brought in and brought in by the committee and each member will draw for his calf by number.

2. Each member shall draw from the club supply only one calf. Last year members were permitted to take more than one calf, but this will be discontinued. In other words—one member, one calf.

3. Calves will be weighed to the members by the pound instead of by the head as was done last year. This will help to equalize the difference that necessarily occurs in the weights of calves.

4. Payment for calves is to be made after the sale. In other words, members will not pay cash for their calves, but will feed them on contract and payment for the calf, together with 6% interest, will be deducted from the settlement made to the member after the sale.

5. Membership is open to boys and girls between the ages of 10 and 21 years.

Those wishing to join should apply at once, as it is necessary for the committee to know how many calves will be required for the club. Application may be made to F. H. Newcombe, District Agriculturist, Red Deer, or to any member of the committee listed below.

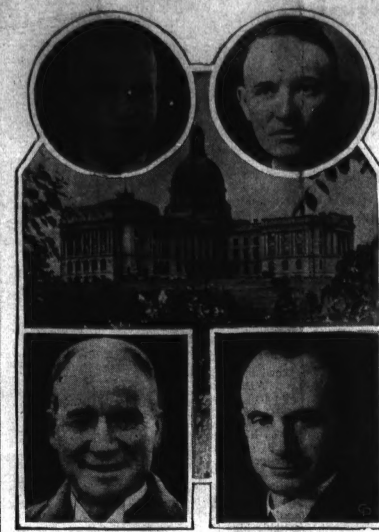

Lacombe Committee—Jos. Biglands, S. J. Henderson, P. A. Switzer, A. B. Haurstad.

Red Deer Committee—R. H. Edgar, J. A. Jarvis, L. Brown, James Cruickshank.

Dogs Attacking Sheep Flocks

Sheep flocks, owned by MacKenzie Bros., and pastured on their own land one mile east of town, are being depleted by attacks of various dogs. The exact number of sheep and lambs killed is not known, but according to D. McCallum of MacKenzie Bros., losses have been heavy.

Rumored As Ready To Oppose Aberhart

The four Social Credit members of Alberta's legislature pictured here, all former Cabinet ministers, are rumored as ready to cross the floor of the House and sit in opposition to policies of Premier William Aberhart at the next legislative session in Edmonton. The Social Credit Premier is currently engaged in a bitter quarrel with the Federal Government over his Banking Act, which was disallowed by Ottawa. Hon. W. N. Chant (upper right) quit the Cabinet in opposition to the Aberhart financial policies. The other ex-Cabinet ministers shown are Hon. C. C. Ross (top left), Hon. J. W. Huggill (lower left), and Hon. Charles Crockett (lower right). In the center is a view of the Alberta parliament buildings in Edmonton.

Loose Management Seen As Royal Commission Continues Road Probe

R. B. Bennett Gives Rousing Speech in Edmonton; King's Reply to Aberhart
By T. B. WINDROSS

EDMONTON.—Startling evidence of loose methods and exorbitant profits made by contractors working on the highway projects under construction for the province since the present administration came into office, was provided during the past week at the session of the Royal Commission investigating cost of roads. It was shown that contractors who rented equipment to the government on a day-labor basis and who operated cook camps and did some actual work for the government on the highways, made a total profit of \$92,895 last year on the construction of the Styal-Carrot Creek section of the Jasper Highway and the Edmonton-Millet section of the Calgary

highway. Much of the profit last year, it was revealed, was made up by the margins on rentals of road-building equipment to the province. The total cost to the province of the Edmonton-Millet highway had been stated as \$285,000. This was for the 25 miles done. No total cost of the Styal-Carrot Creek stretch has yet been disclosed.

It was stated by J. W. S. Chappelle, provincial government engineer, Tuesday, that on a competitive basis contractors would have agreed to construct the Edmonton-Millet Highway for "14 or 15 cents" a cubic yard instead of the 29.9 cents which previous witnesses had said the grading of that road actually cost.

Further evidence bearing on the return presented to the Legislature at the request of J. J. Bowden, Liberal House leader, was forthcoming from N. W. Macpherson, provincial highways commissioner, who testified that the statement prepared for the Legislature last June, estimating the cost of grading of the Edmonton-Millet Highway was 24.9 cents per cubic yard whereas subsequent evidence showed the correct figure to be 29.9 cents on one section and 33.5 cents on the other, was drawn up without his official knowledge or approval, although he was nominally in charge of highways at the time.

Matthew Ross, a contractor, told Mr. Justice Lunney, at Wednesday's hearing, his profit of \$2600 within a few weeks from a loan of \$300 which he made to one section and 33.5 cents on the other, was drawn up without his official knowledge or approval, although he was nominally in charge of highways at the time.

Proving that the local creamery can hold its own with the best, reports received give them two first prizes for butter, one for a 14-pound solid exhibit and one for a 20-pound print exhibit, both of July churning.

When interviewed by the Western Globe, O. Lundberg, the manager, was quite modest about his recent successes, which not only give well deserved credit to him, but also reflects credit to the cream producers in the district.

Lacombe Creamery Cops Prizes at Toronto With Butter Exhibits

Not content with coping several prizes at the Western Canadian Fairs, the Lacombe Creamery stepped out with further fields to conquer and entered their butter exhibits at the Canadian National Exhibition at Toronto in a competition open to all Canada.

Seven Hundred Turn Out To See Fight Card at Pavilion

Eddie McSparran and Emil Lust Fight 10 Rounds to Draw Decision

By JACK McCAUGHERTY

Close to 700 fight fans packed the Central Alberta Pavilion to see the star-studded boxing tournament sponsored by the Canadian Legion, B.E.S.L., on Monday night.

The show featured many of Western Canada's best glove swingers and turned out to be a bang-up card.

From the time of the first bout to the final of the main event, the attention of the fans was not lagging, as gloves smacked out boxing excitement.

The Main Event

In the main event, Eddie MacSparran, Western Canada's middle-weight champion, came back strong in the last two rounds to hold his Emil Lust of Medicine Hat to a draw. The boys fought 10 three-minute rounds and displayed good boxing throughout the bout.

Last, fighting carefully and smartly all the way, piled up an early lead on points in the first four rounds, only to have the Edmonton fighter come back to even things up.

With the seventh round almost over, McSparran appeared to be fading badly, bleeding under the punishment he was taking from his opponent.

However, Eddie came back smartly and scored only knock-down of the tussle with a smashing right in the ninth.

Percy Duffield handled the main bout and Ben Wells of Red Deer refereed the others.

Grayston Takes Decision

The semi-windup brought together two well-known fighters in these parts: Gordon Grayston of Wainwright and Young Tunney of East End's "kid brother," of Medicine Hat.

The three judges gave Grayston a unanimous vote in the eight two-minute rounds, although Tunney gave a good fight and deserved a better break. Last was two pounds heavier than his opponent at 162.

It was stated by J. W. S. Chappelle, provincial government engineer, Tuesday, that on a competitive basis contractors would have agreed to construct the Edmonton-Millet Highway for "14 or 15 cents" a cubic yard instead of the 29.9 cents which previous witnesses had said the grading of that road actually cost.

Baptist Ministers Hold Retreat At McLaurin Beach

(From Our Own Correspondent)

SUNNY CREST.—The Baptist ministers of Alberta are in retreat at McLaurin Beach Camp. In charge this year is Rev. S. J. Waterman of Lacombe. The retreat was organized in 1935 by Dr. C. McLaurin, who is absent in the East at this time.

Matters for discussion are "State of the Work," "Church Doctrine" and "Inspirational Messages." About 25 ministers are present. Rev. D. Campbell, from the North, arrived by auto Monday, bringing with him Rev. Stone from the Bonnyville district and Rev. Murray from the Swedish Baptist College at Wetaskiwin.

The President, Rev. Christopher Burnett, is staying with Rev. F. G. Matthews.

Local Golfers Do Well at Camrose And Innisfail

Local golfers cleaned up on two golf tournaments over the holiday week-end, taking three prizes at Camrose and three at Innisfail.

At Camrose, Jack Corbett took first place in the first flight. Oliver Vickerson took a first in the second flight and Clint Marble topped the third in the fifth flight. H. Henderson, H. Teare and P. Danner also made the trip to Camrose.

The Innisfail tournament saw E. H. McCaugherty take a first in the championship flight, followed by G. T. Jackson pick off first in the first flight and Bus Nelles take a first in the third flight consolation. D. F. Chisholm and H. Teare also attended the tournament.

Envoy Wounded

Sir Hugh Knatchbull-Hugessen, British ambassador to China, who was shot twice and seriously wounded by machine gun bullets from a Japanese aeroplane as he sped toward Shanghai, and a conference with British naval and army chiefs after meeting Chinese government officials at Nanking. His back broken, the envoy's condition was considered serious.

Council of M. D. Of Lamerton Holds Regular Meeting

The eighth meeting of the Council of the Municipal District of Lamerton was held in the Municipal Office at Alix on Saturday, with all the councillors present.

A motion that the S.E. 35-39-23-4 be sold to George Goldberg for the consideration of \$1000—\$300 to be paid in cash upon the approval of sale by the Department of Municipal Affairs, and the balance to be paid in five equal annual instalments beginning with Nov. 1, 1938, was passed.

Councillors Ditto and Neis were appointed as delegates to attend the Alberta Association of Municipal Districts' convention, to be held in Edmonton Nov. 17, 18 and 19.

Replacement of Bridges

The secretary reported that he had requested from the Department of Public Works replacement of four bridges for the year 1938. These bridges are given as being numbers 7037, 475, 9671 and N. of 13-41-24-4.

Councillors Walker and Ditto reported that Frank Dechenne is serving a sentence for theft and that the council was required to make arrangements for the care of the family and livestock.

The chairman and the secretary of the Lacombe and District Hospital Board attended the council meeting and discussed the desirability of entering into an agreement for the care of the Municipal District's indigent sick. No definite action was taken, and the matter was left in abeyance until more complete information would be forthcoming.

The financial statement as at August 31 was read and passed by the council. Accounts for the month of August were read and passed.

Work On Hospital Being Rushed

The Lacombe and District Community Hospital is rapidly taking shape. Workmen push construction on the new \$30,000 building. Rafters and studding are up, the electricians have started in, and the roof boards are in place. The building will be completed well within the time limit, Nov. 6th.

Model Aircraft Contest Sponsored By A. M. Campbell

A model airplane contest is being sponsored by A. M. Campbell, Ltd. Three prizes are to be given away for the best models built. The contest opens on Saturday, Sept. 11, and the closing date is set for Saturday, Sept. 25.

Model aircraft building is becoming an increasingly popular pastime among children of all ages, combining as it does skill and patience in making the model, with satisfaction of a successfully built plane.

Banking Bills Would Not Bring Basic Dividends

Disallowed Legislation Not Part of Policy On Which Aberhart Was Elected
By W. M. DAVIDSON

In a previous article I proved that the three acts passed by the Alberta Legislature at the last session were beyond the powers of a Canadian province. The Federal Government was not only within its rights in disallowing such legislation but would have failed in its responsibility to the Canadian people if it had submitted to laws denying Canadians the rights of the courts or permitted legislation threatening the foundation of Confederation. Whether the Premier of Alberta and his cabinet knew that the acts were unconstitutional when they submitted them is of course unproven, but as they were warned by their own officials and later refused to submit them to the Supreme Court of Canada, the conclusion is fairly obvious.

What I propose to discuss in this letter are these two questions:

1. Was this Banking Legislation part of the program on which the supporters of the Government were elected?
2. Would such legislation, if allowed and adopted, have brought the \$25 a month basic dividends any nearer to every adult in Alberta?

I have re-read the Blue Manual written by Mr. Aberhart, containing the program of the party, as it presented it to the people. In it there is no reference to banks directly and very little by inference. There is no suggestion of the plan of taking control or managing the Alberta branches.

When Mr. Aberhart analyses the source from which the basic dividends come, he replies to a question which he asks himself in part in these words:

"It has been called to the attention of the public that there is an enormous spread in price between the producer's cost and the consumer's cost. It is the intention under the Social Credit system to reduce this spread, increasing the producer's cost so that he may have a fair turn-over; or reducing it if it is too high. The same procedure will be followed in the way through in the marketing or processing of goods. On account of the increased turnover that will be produced by the purchasing, power through dividends, salaries and commissions and so forth, it is felt that the producer and distributor will be able to carry on (Continued On Page Five)

Local Police Vindicated Of Assault Charge

Local police were vindicated when charges of assault brought against them by F. Doberstein were dismissed. F. Doberstein appeared on a charge of operating a car while intoxicated. He pleaded not guilty, but after a stream of witnesses appeared, the court found him guilty and he was sentenced to two months' imprisonment.

The charges were brought up against the police when Doberstein claimed he was kicked by Constable C. Mosier of the local police at the time the constable was making the arrest.

Ideal Harvest Weather Keeps Farmers Busy

With ideal harvesting weather prevailing during the past few days and every indication of continuance, farmers are busy cutting grain in every direction. Estimated yields show considerable variation, according to district, and the general trend appears to be from 15 to 25 bushels to the acre for wheat, with some districts reporting up to 40 bushels.

Estimated yields for coarser grains are much higher, oats especially, some running to 75 bushels per acre. While the late rains benefited the crops considerably, they also increased the weed menace, which is reported to be worse than usual. On this account, many farmers are reluctant to estimate their probable yield.

Nevertheless, good crops are evident all around, and with favorable weather to harvest them, we will all have much to be thankful for.

Women's Institute Meeting Held Friday, Sept. 3

A paper on the League of Nations and the situation in Europe was the main feature of the opening fall meeting of the Women's Institute, held at the home of Mrs. R. Hoppus on Friday, Sept. 3.

Musical moments provided by Clara Saunders and Mrs. R. Hoppus were greatly enjoyed by the members. Refreshments and a social hour followed the program.

The October meeting will be held at the home of Mrs. W. Teward the first of the month.

SOME WHEAT DAMP

Broomhall cables that he has ascertained that the new wheat is damp in some parts of Italy and that the natural weight of the wheat is also being averaged. This will delay the delivery to the mills and require additions of large quantities of dry foreign sorts for mixing.

There is a Reason

Each year many thousands of Alberta grain producers patronize Alberta Pool Elevators. Sensible, level-headed men, these farmers know that it is to their interest that Alberta Pool Elevators should be the predominant grain handling system in this province. If you are not already a Pool elevator patron, think over the proposal of being one this year.

Alberta Pool Elevators

Seven Large Passenger Planes To Make Their Debut on Trans-Canada Route

Canadians from coast-to-coast will soon be seeing seven of the latest type of aeroplanes suitable for carrying mail, express and passengers. Three of the machines, Lockheed-Electra 10's, will be put into operation within the next few months by the Trans-Canada Air Lines, while the remaining four are expected to be delivered early in 1938. The aeroplanes will carry 10 passengers and have a cruising speed of 180 miles an hour. The machines, similar to the one shown above, will be twin-motored and will be able to take off with only one engine running. The remaining four machines will carry 14 passengers and have a speed of 200 miles an hour.

Gull Lake

(From Our Own Correspondent)

GULL LAKE.—Mr. and Mrs. Benton Wareham, Bethel, Omar, Gordon and Rachel, returned recently from a short holiday at Banff.

Mrs. Annie Wareham is visiting at the homes of her sons, Dayton and Benton, and may stay all winter.

The crop is three-quarters cut and all cutting will be done this week, weather permitting. One lot of barley (about 15 acres) on the Louis Ebeling place is very heavy. Fifty bushels to the acre would be a safe estimate. All grain is keeping well.

Benton Wareham, Bob Gibson and Sam Leske have had success with the bees this year. There was a very heavy flow of honey in July but little in August. It is expected to be better this month until the blossoms are killed by the frost.

Miss Dorothy Moore entertained about 50 of her friends Tuesday evening. She is returning to Portland to resume her school work.

Mrs. M. Davies and son, G. Davies, were visitors on Sunday at the home of Dick Cox.

From Manitoba

D. E. Pollock of McConnell, Man., is visiting his brother, Joe Pollock, and expects to stay during harvest.

Bruce Fernie left Saturday for Winnipeg to visit an old friend, Vergil Blackmore.

Miss Grace Peaty left recently for a visit to Seattle, Wash.

The Merry Maidens' Club held a paper doll demonstration at the home of their leader, Mrs. L. Cabelka. At a meeting this week a winter program will be arranged. Three numbers will be prepared for the annual Christmas concert. Miss Norma Hutton is the new member.

Passed Grade 9

The six pupils in Grade 9 at the Gull Lake School passed. Goldie Wareham and Bethel Wareham obtained "A" standing (diploma), Florence Ekund, John Ebeling and Betty Gibson obtained "B" standing, while Verna Cox got "C" standing. Goldie, Betty and Florence are attending Bentley High School and Bethel Wareham will enter the Junior College when it opens Oct. 16th.

Ralph Harnett of New Bridgen, Alta., Art and Norman Book of Lethbridge, Sask., are in the district to help with the harvest.

TRAVEL BARGAINS TO COAST ANNOUNCED BY C.P.R.

Those who are planning early Fall vacations will welcome the announcement of Bargain Fares to the Pacific Coast by G. T. Jackson, Canadian Pacific Railway Ticket Agent.

Tickets will be on sale Sept. 4 to 12 inclusive, with 30 days' return limit, and will permit stop-over at Calgary, Nelson and stations west.

A feature of these fares will be the privilege of tourist or standard sleepers at slightly higher rates and usual berth charges. The special cent-a-mile fare good in coaches will also be available.

The early Fall is usually a delightful time to visit the Coast, and present indications point to a record travel; those contemplating the trip would be well advised to get in touch with G. T. Jackson as early as possible.

IN THE BALKANS

Wheat threshing is active in the Balkans and the wheat movement is increasing. Total out-turn is indicated to be quite substantial, although somewhat smaller than last year's production. A small corn surplus is now indicated in Roumania and in other Balkan countries corn prospects are good.

Loose Management Seen As Royal Commission Continues Road Probe

(Continued from page 1)

finance freight on road building equipment worth \$22,000, in which he had no partnership, was a straight "business agreement," and was due in no way to any arrangement on his part to dictate who should get the contract from the provincial government.

Fifty Per Cent Profit
He made the \$300 advance to Clarence Walgren, sole owner of the equipment, to enable him to move the outfit from McLennan to Slave Lake, he said, and in return was allowed 50 per cent of the profit from the job. The total profit amounted to \$5233.

"Do you want this court to believe that Mr. Walgren consented to turn over to you 50 per cent of his profits from a government contract, just because you advanced \$300—or even say \$1000—to ship the stuff to the job?" Mr. C. C. McLaurin, K.C., of Calgary, demanded.

Mr. Roosa replied: "Yes, that's all there was to it."
Mr. Roosa had testified that he had no idea how much money was appropriated for the 21-mile stretch of highway, although he was one of the chief contractors and was appointed general foreman.

Hon. W. A. Fallow had never told him how much could be spent on it.

The Royal Commission later adjourned its hearings until Tuesday, when evidence was again taken.

Two Important Events

Two important things have taken place during the past week that have a bearing on the present situation in provincial affairs. Perhaps the one that has contributed most to clarifying the air surrounding the constitutional dispute between Premier William Aberhart and Prime Minister W. L. Mackenzie King, was the visit to Edmonton of Rt. Hon. R. B. Bennett, former Conservative Premier of Canada.

In a pronouncement of very weighty importance, Mr. Bennett told a luncheon gathering of 500 business men here Friday that there is no way of changing the Canadian constitution outside the law. Much to the satisfaction of his hearers, Mr. Bennett upheld the action of the Dominion cabinet in disallowing the banking legislation passed in the recent session of the Legislature.

He was speaking on the constitutional problems in Western Canada and declared the Dominion had the clear right to disallow provincial statutes whenever they infringed on rights which under the B.N.A. Act, Canada's constitution, are guaranteed to the Dominion. "The Dominion government is not concerned with the quality of provincial acts, but only with their legality," Mr. Bennett pointed out.

Referring to recent claims that the will of the people must prevail, Mr. Bennett said there is only one way in which changes can be brought about in the constitution, that is by constitutional methods. The constitution cannot be changed, he said, simply by a group of individuals in any part of Canada saying it does not exist, or that "the voice of their leader is the voice of God."

Speaking of attacks on the courts, the Conservative leader declared: "Canada's courts are the bulwark of our freedom and the basis of our liberty. Any attacks on the courts are the beginning of an absolutism which marks the shattering of our democracy."

Premier King's Reply

The other event was the mailing of Premier Mackenzie King's reply to the letters of Premier Aberhart. The text of these replies will not be made known before this is in the mails, but

some idea of their contents is available.

Answering Premier Aberhart's claim that the Dominion is without power to disallow provincial legislation, the Dominion Premier will not enter into any lengthy argument, but will content himself with a plain but forceful statement of the federal government's rights as set forth in the B.N.A. Act. The Alberta Premier's complaint against the personnel of the Royal Commission on Dominion-provincial relations is likely to call for more emphatic and extended statements as to its unreasonableness.

Mr. King will remind Premier Aberhart that the only criticism of the commission in any way or on any point has come from Alberta.

Some reference will be made to the Alberta Premier's lack of knowledge on the matter in his continuing about one public man being on the commission who has not been named a member of it.

It is increasingly hard to convince some sources that an election is not in the offing. Despite the Premier's denial, and those of other members of the Social Credit party, everything seems to point to the nearness of a vote, probably sometime this fall.

Home Markets

The best market is always the home market. This is true in the case of agricultural as well as other products. One of the biggest drawbacks to western agriculture is that the home market is not large enough to take the bulk of its output.

The Canadian distillery of Hiram Walker and Sons at Walkerville, Ontario, is one of the best patrons in the Dominion for grains produced on Alberta farms. The purchases of that firm in this province greatly exceed the amount of sales in Alberta. This is the direct opposite of most manufacturers in Eastern Canada.

If Canada did not have any whiskey distilleries all such liquors would have to be imported and the grain needed in the making thereof would be supplied by farmers in other countries. Hiram Walker started his distillery on Canadian soil opposite Detroit in 1853. There was a chance he would build in Michigan, but adverse legislation then in effect in that state prevented him. Now the product of this

Bentley

(From Our Own Correspondent)

BENTLEY.—Miss Mae Trimble, who is training at the University Hospital, Edmonton, is spending her holidays at her home here.

W. R. Woolgar, his son Charles and daughter Florence, spent the week-end in Edmonton.

Mrs. Geo. Davidson and daughters, who have been visiting Mrs. Davidson's father, Mr. Blish, returned to their home at Field last week-end.

C. A. Trimble left last week for a three weeks' motor trip through the United States. He expects to stop off en route to visit relatives.

Entertains Bridge Club

Mrs. C. Summers was hostess on Saturday evening, Sept. 4, when the Ladies' Bridge Club gave a farewell for Mrs. Coatta, who is leaving Bentley for a trip to the coast.

J. G. Blish and family motored to Field to spend the holiday with Mr. Blish's daughter, Mrs. Davidson.

Mr. and Mrs. Henry Shandruk and daughter Joy are spending their holidays with Mrs. Shandruk's father, J. C. Carrith.

Anyone wishing to see the fruit in Mr. Carrith's orchard will have to do so this week, as it is getting ripe and will have to be picked.

Born at the Bentley Community Hospital on Monday, August 30, to Mr. and Mrs. A. Rien of Leslieville, a son.

distillery, "Canadian Club" whiskey, is one of the best known and most widely distributed in the world and the grain required in the making thereof is supplied by Canadian farmers.

Hiram Walker today are not only one of the largest distillers in the British Empire, but they also own the largest distillery in the world.

Spruceville

(From Our Own Correspondent)

SPRUCEVILLE.—Mrs. Laura Young, Mr. and Mrs. Nelson Hall and Selma Johnson motored to Vermilion to visit Mr. and Mrs. Tucker (Mrs. Young's cousins) last Saturday and stayed over the holidays.

Mr. and Mrs. Heath spent a day recently at Alex with Mr. and Mrs. Wolfertan.

The Rev. Vanderwoude of Nierlandia (near Edmonton) has been a visitor in this district during the last week and has been holding services in the Dutch church.

We are sorry to learn that Mrs. Wm. Barker has been admitted to the General Hospital in Edmonton. Her mother, Mrs. Smith of Roseville, Sask., is at the farm, taking care of the children.

To Hold Flower Day
Next Sunday is Flower Sunday at Spruceville Hall and it is hoped that Mr. Warren will have returned from his trip down East to take charge of the service.

Mrs. Heath, Sr., is spending the week in Lacombe with Mrs. Jones.

The U.F.W.A. meeting, held at Mrs. Laura Young's last week, was very interesting, and Mrs. Boyd Crocker gave a very informative talk on the new curriculum. The meeting decided to hold the U.F.W.A. annual chicken supper on Friday, Oct. 29.

A car load of young folk from Edmonton were visiting at Brauer's on Labor Day.

FARM FOR SALE.—100 Acres, 14 miles south Lacombe; 125 acres in crop. Will sacrifice for cash. See Bailey, Adelphi Hotel, Lacombe.

Around the Town

Mrs. A. Patterson of Chilliwack, B.C., is visiting for a short time with Mr. and Mrs. S. English. Mrs. Patterson is Mrs. English's mother.

Mr. and Mrs. Jack Clark and Mr. and Mrs. R. Warren motored to Edmonton to spend the holiday week-end.

Mr. and Mrs. C. D. Marble were week-end guests of Mr. and Mrs. R. Capstick of Camrose.

Mrs. Lea spent last week-end in Calgary, the guest of her sister and brother-in-law, Mr. and Mrs. Stevenson.

Mrs. H. Pocock is visiting with her mother, Mrs. J. Bullock, in Agassiz, B.C., for two weeks.

Mr. and Mrs. G. C. Macker and son Jack spent the week-end and holiday at Banff and Lake Louise.

Miss Maude Tees spent the holiday week-end in town, visiting with her mother, Mrs. Tees.

Mr. and Mrs. H. G. Becker of Calgary left for their home Monday after spending some days visiting with Mr. and Mrs. H. J. Ford.

Tom Carruthers of Calgary spent last week-end with his mother, Mrs. N. E. Carruthers.

Miss Margaret Masters returned this week from a trip to the Pacific Coast.

Mrs. J. H. Lamont and her mother, Mrs. Street, left on Saturday last for MacGregor, Man. They are visiting at Olds with Mr. and Mrs. C. W. Street en route.

In the Departmental Examination results published in our issue of August 26, the name of Verna E. Taylor was omitted. Miss Taylor wrote six subjects in Grade XI Commercial and passed in all of them.

The general business meeting of the Let-Us-Forget Club will be held in the Town Hall on Wednesday, Sept. 15, at 8 p.m.

Mrs. P. Broderson returned on Wednesday from an extended visit with her daughter, Mrs. W.B. Thirk, at Vancouver, B.C.

The regular meeting of Lord Lascelles Chapter, I.O.E., will be held at the home of Mrs. R. W. Clarke on Monday evening, Sept. 13th.

Mrs. E. H. McCaugherty returned on Wednesday morning from Bassano, where she was the guest of Mr. and Mrs. A. H. Stiles for a few days.

Miss Albert Peterson was a guest at the Banff Spring. Has over the holiday week-end, leaving for Calgary on Monday, where she will holiday for a time.

Miss Jean Henderson returned last week from a trip spent in B.C. and Spokane.

Mr. and Mrs. T. Wilks returned on Wednesday from a few days' holiday spent in Brooks and Medicine Hat. While in Medicine Hat, Mrs. Wilks sang a solo at the initial service of the Rev. R. B. Layton in the United Church last Sunday morning.

Mr. Bruce Tees of Vancouver will arrive in town this week-end to visit with his mother, Mrs. W. E. Tees, for a few days.

Among those visiting Banff over the week-end were: Miss Betty Hornby, Miss Alberta Peterson, Miss B. Burnett, Miss Kathleen Campbell, and Messrs. Stewart Fraser, John Gram, Horace Sellers, Gordon Sweet, Jack Morrison and Bert Ford.

Mrs. M. Godfrey left Thursday morning for Calgary after visiting her son Basil here for a short time.

Group 3 of the United Church will meet in the Church Hall on Tuesday afternoon, Sept. 14, at 3:30. All members are requested to attend.

Wouldn't you like to have that nice Diamond Ring in Parsons' Jewellery Store window? You can win it.

Mr. and Mrs. Lawrence Campbell were guests at the Banff Springs Hotel over the holiday week-end.

Mr. and Mrs. W. N. Morrison spent a few days in Medicine Hat, where Mr. Morrison attended the Shrine Ceremonial.

Chigwell

(From Our Own Correspondent)

CHIGWELL.—Wednesday, Sept. 1st, found the Chigwell children at their places in the Turville Schoolhouse and also several new beginners. Miss Dorothy Allison is in charge this year and we welcome her into our district. We wish her a very successful school term.

The rain of last week has delayed harvesting. The crops are good this year and we are all looking on the sunny side.

Miss Alberta Lemmon has returned from the coast after a four-month visit with friends and relatives.

Clifford Cane is now working for Alfred Day, east of Lacombe. The road is well worn east of the farm for three miles—what are the attractions, Cliff?

Visitor From B.C.
Angus Campbell, Abbotsford, B.C., has been a week-end guest at the home of G. S. Lemmon.

Bonnie and Guy Thomas have returned to their home at Mirror after spending their holidays in the Chigwell district.

James Fife has been helping to build a bridge north of Fife's Corner.

Fern Wilson is attending school in Lacombe this year.

Miss Dorothy Allison from Clive is teaching Turville school this term.

Robert Evans is attending high school in Clive this year.

Lloyd Jones is home from Edmonton, where he has been playing ball all summer.

Arthur Wilson made a trip to Edmonton on Tuesday last for a new tractor. It was delivered to Mr. Ferguson at Tees.

Threshermen Hold Meeting Tuesday At Spruceville

A meeting of threshermen of the district was held on Tuesday night in the Spruceville Hall. A fair number were in attendance and it was unanimously agreed to a minimum charge of 4, 5 and 6¢ cents a bushel for this season.

It was also decided after discussion to form a local threshermen's union. A provisional executive, consisting of H. E. Heath, E. W. Sladen and Ab Saunders, was elected, from whom further information may be obtained.

When the Radio Can't Help

Some rather frank, truthful and outspoken comments have been made recently about churches and church members by editors of weekly papers, most of whom seem to be on the side of the church. The most recent, which is copied here, was taken from the Brampton (Ont.) Conservator:

"A lady was visited by the pastor of the church with which she had been associated. Bluntly she gave the information that she had not much use for the church any more, that she could hear better sermons over the radio, and that was all she needed. A short time later, the lady's husband died. She didn't ask the C.F.R.B. announcer to help her in her sorrow. She sent for the pastor she had felt she didn't need a short time before, asked to have a funeral service conducted in the church, desired the choir to attend and that a soloist be provided for the event."

"It is frequently repeated, give nothing to the support of the church; let others bear the burden, but when trouble comes, call on its ministers for the consolation of religion refused or neglected in times of health and prosperity. It's not fair; but it is seldom or never refused."

Therefore
Take time to work—it is the price of success.
Take time to think—it is the source of power.
Take time to play—it is the secret of perennial youth.
Take time to read—it is the fountain of wisdom.
Take time to worship—it is the highway to reverence.
Take time to be friendly—it is the road to happiness.
Take time to dream—it is hitching your wagon to a star.
Take time to love and be loved—it is the privilege of the gods.
Take time to look around—it is too short a day to be selfish.
Take time to laugh—it is the music of the soul.
Take time to play with children—dream—it is a joy of joys.
Take time to be courteous—it is the mark of a gentleman.
Take time to live.

Golden Gover, winner of the Alberta Slakes at Calgary recently, is owned by R. James Speers of Winnipeg.

Take Time to Live
That is what time is for—to live. Killing time is suicide. Time is the stuff of which life is made.

Therefore
Take time to work—it is the price of success.
Take time to think—it is the source of power.
Take time to play—it is the secret of perennial youth.
Take time to read—it is the fountain of wisdom.
Take time to worship—it is the highway to reverence.
Take time to be friendly—it is the road to happiness.

(From Our Own Correspondent)

CLIVE.—Mrs. Schoenck, who has been visiting relatives here for the past two weeks, left on Monday for her home in Chicago. Her sister, Mrs. H. B. Scott, accompanied her as far as Calgary.

Mrs. Wagstaff returned to her home in Trail, B.C., on Monday after spending several weeks here visiting relatives and friends.

Miss Iva W. Hunt and sister from Nobleford visited friends here for a few days over the week-end, returning home Monday, accompanied by Miss Lena Stumpf, who will spend some time there.

Visitor from Portland Mrs. T. E. Allison of Portland, Ore., is visiting her sister, Mrs. H. M. Williams, at present.

Mrs. D. C. Walker of Tees is at the home of her brother, Rev. G. A. Ketty, nursing a broken arm, which she sustained last week.

The United Church was beautifully decorated last Sunday with several large bouquets of flowers, it being our annual Flower Sunday.

THEORY AND PRACTICE

There is hardly a grain producer in this province but knows that, theoretically, the co-operative system is the soundest and the best. While many thousands support their belief in a practical way by patronizing co-operative institutions such as Alberta Pool Elevators, others fail to do so. If the theory is sound and right, it should be supported.

Weddings

CARLSON—DEGER

A pretty wedding was held when Mr. Gunnar Carlson and Miss Nellie Deger were united in marriage on Saturday. A reception was held at the home of the newly-weds on Monday night. Mr. Carlson is a local employee of the C.P.R.

Recipes

JELLIED TOMATO CHEESE

One tablespoon granulated gelatin, $\frac{1}{4}$ cup cold water, $\frac{1}{4}$ cups of condensed tomato soup, 1 cup cream cheese or cottage cheese, $\frac{1}{2}$ cup of mayonnaise, 1 tablespoon of onion juice, $\frac{1}{2}$ cup of stuffed olives, sliced, or $\frac{1}{2}$ cup of chopped celery, $\frac{1}{2}$ teaspoon salt, $\frac{1}{4}$ cup cream, whipped.

Soak gelatin in cold water for about five minutes. Heat soup over boiling water, add salt, cheese, onion juice (extracted by grating onion). Heat until the cheese is softened. Add soaked gelatin and stir until dissolved. Chill, and when partially set, add mayonnaise, whipped cream and olives or celery. Turn into a mould that has been rinsed in cold water and chill. When firm, remove to bed of lettuce and serve with paprika. This salad may be frozen.

FRUIT RICE

One tablespoon of granulated gelatin, $\frac{1}{4}$ cup cold water, 1 cup hot cooked rice, $\frac{1}{2}$ teaspoon of salt, 2 tablespoons fruit sugar, 1 teaspoon vanilla, 1 cup whipping cream, $\frac{1}{4}$ cup diced or crushed fruit, $\frac{1}{4}$ cup sliced almonds. Soak gelatin in cold water. Dissolve in hot rice. Add salt, sugar and vanilla. Cool and chill. When mixture begins to thicken, fold in whipped cream, fruit and nuts. Pineapple, peaches, strawberries, banana's, maraschino cherries, or a combination of fruits may be used.

COOKED LAMB EN CASSEROLE

Three cups cooked lamb, 1 tablespoon cooking fat, 1 cup of cooked carrots, 1 cup of cooked potato, 8 small onions, left-over gravy. Cut lamb in cubes and brown in cooking fat. Cut vegetables in cubes. Put meat in casserole, add vegetables, gravy and enough hot water to moisten. Season with salt and pepper. Cover and bake in a hot oven (400 degrees Fahrenheit) for 20 minutes.

Big Ben, London's famous clock, was wrong by as much as a second, only five days last year.

L. M. Hart Elected President of White in Canada

Headed Truck Factory in Montreal and Dominion-Wide Sales Organization of Branches and Dealers.

Montreal.—L. M. Hart, of Montreal, was elected president of The White Motor Company, of Cleveland, who has been in charge of White and Indiana trucks and buses in Canada, at a meeting of the board of directors held here today.

The announcement was made by Robert F. Black, president of The White Motor Company, of Cleveland, whom Mr. Hart succeeds as head of the Dominion company. Mr. Black continues as chairman of the board of directors of the Canadian company.

"Mr. Hart's election to the presidency comes in recognition of his 24-year record with the company in Canada," Mr. Black said. "As vice-president, he has been the managing director of the White organization throughout the Dominion for several years. He was personally responsible for the establishment of a Canadian White factory at Montreal, and under his supervision the company's sales have grown to a point where every third truck in the Dominion in White's capacity range is a White.

30th Anniversary
This year marks the 30th anniversary of White in the Dominion. In 1907, the company's first branch was opened at Toronto. Today, there are branches and distributor organizations in all important cities in the Dominion.

SALLY'S SALLIES

Lovers may refuse to say goodnight to their sweetie but they can't refuse to say goodnight to Sally.

PORK PRODUCTS

Canada supplied 70 per cent of the Newfoundland requirements of pork products in 1936. These products included sausages, bologna sausage, smoked ham and bacon, salted or pickled hams or bacon, and dried salted bacon.

The late James J. Corbett, once the world's heavyweight champion, toured in vaudeville for many years and was a talented actor.

volume in the heavy-duty field, in which White has always enjoyed leadership."

Native-Born Canadian

Mr. Hart is a native-born Canadian. His rise to the presidency of his company is a colorful story. As a young man, 24 years ago, he sensed the future of the automotive business, then in its infancy, and started as a White dealer in Edmonton, in 1907. In the intervening years he has become widely known as an engineering authority in the truck and bus fields. Due to his advanced ideas, Canada is recognized today as leading the world in modern streamlined body designs.

Introduced Saknoffsky

Mr. Hart introduced Count Alexis de Saknoffsky, internationally noted authority on streamlining, to the truck field in the Dominion, and with Saknoffsky as stylist, produced the world's first streamlined trucks for the National Breweries, Imperial Oil, Labatt Brewery and many other leading fleet owners of the Dominion. These designs have since been copied in the United States and elsewhere. Because of this, Mr. Hart is credited with having started an entirely new trend in truck design by streamlining for greater efficiency from a practical operating standpoint as well as giving owners the benefit of the advertising value of beauty on the highway.

"With a sales increase of 64 per cent over last year, White is confident that this anniversary year will be its most successful year in Canada. The Montreal factory is expanding its production facilities to meet the demand for the recently announced lower-priced models, the only quality trucks in the low-price field, as well as to provide additional

Tees Tattle Tales

By TATTLER

TEES.—The first new wheat to be delivered to the local elevators came from the farm of C. C. Reid, north of town. The sample was a good No. 1 Garnet and said to run 22 bushels to the acre.

Light rains and heavy dew has held up threshing; just the odd days have been suitable, therefore plenty of work lies ahead of the farm boys.

Wednesday the children at the school all received a shot in the arm. This has been necessary on account of cases of scarlet fever coming to light at Mirror and Ailsa, and the School Board does not wish to have the school closed for sickness, therefore the wholesale use of the needle.

At the School:
Alice — "Why do they have knots on the ocean instead of miles?"

Teacher — "Well, you see, they couldn't have the ocean tie if there were no knots."
Masters Patrick and John Armstrong returned to school at Castor Sept. 1st. They left with the general good wishes of this hamlet's populace. Almost a hundred of the ninety-nine residents saw them off on the train.

Johnny Pollard of Edmonton, noted jockey, rode Sealbrent to win the Massachusetts Handicap recently. The owner of Sea-

Quips & Quirks

The woman was directed to her seat at the military tattoo by an obliging officer, and offered him a sip of beer. "Here you are, my man," she said.

"I beg your pardon, ma'am, but I am an officer."
"I can't help it; that's all the change I've got."

Said MacPherson, entering the nursery garden: "Have ye a nice cucumber?"

"Aye, here's one," said the gardener. "That will be five-pence."

"Too much. Haven't ye one for tuppence?"

"Ye can have this for tuppence."

"All right, here's the money. But don't cut it off; I'll be calling for it in about a fortnight!"

Fairview

(From Our Own Correspondent)

FAIRVIEW.—The Ladies' Aid met at the home of Mrs. King on Thursday last. There was a good number present and the meeting and refreshments were enjoyed by all. It was decided to hold the annual chicken supper on Friday, Oct. 22nd, in the church.

The grading outfit was busy last week on the road east of Mr. Madden's.

We welcome our new school teacher and hope that she enjoys our children and our district. We hear that the pupils greatly enjoyed their first day of school.

The Fairview Trail Ranger Camp held its re-organization meeting on Friday afternoon last in the church kitchen.

Gift From Heaven?

Does your gift from Heaven give you all the money that you need?

Does he bring you home for dinner when you want to eat?

Does your gift from Heaven always do exactly as he should?

Does he hang up his pyjamas or just leave them where he stood?

As a husband have you thought him in his manners rather slack?

Well, he's now your gift from Heaven! Would you like to send him back?

Does your gift from Heaven, lady, stay out rather late at night?

Does he grumble in the morning if the coffee isn't right?

Does he whistle while he's shaving? Does he toss his things about?

When you make a bid at contract, does he always take you out?

Does he frequently annoy you by the silly things he'll do?

Then remember, little lady, he was heaven's gift to you.

A scientist has told us that he thoroughly believes

A husband is a present which from Heaven the wife receives.

And I know the men will hail him as a friend, but I shall fear

To quote my heavenly rating, for I know she'll say, "My dear,

You may be a gift from somewhere, but you can't be Heaven-sent.

The professor's made an error—'twas the other place he meant."

—Edgar A. Guest.

Sunny Crest Specs

By SPY

SUNNY CREST.—Sunny Crest Sunday School will re-open Sept. 12 and be re-organized. The usual hours will prevail.

Miss Marjory Gee left last Sunday for Vancouver, where she will resume her studies.

The McNeil family have moved into their new home in the old Movis farm. Mr. McNeil is a brother-in-law of Will Swanson. Kathleen McNeil has started school.

Alfred Hunt, Forrest Barr and Ivor West took an overnight trip to Red Deer Sunday.

Tommy Burns, former heavy-weight champion of the world, once owned a clothing store in Calgary.

Banking Bills Would Not Bring Basic Dividends

By W. M. DAVIDSON

(Continued From Page One)

Heads Fire Chiefs

Fire Chief J. Hartley (above) of Brockville, Ont., who was elected president of the Dominion Association of Fire Chiefs during the convention at Ottawa, Ont., Sept. 7.

He succeeds Chief J. C. DeWitt of Windsor. Among the resolutions passed by the associations, was one asking municipalities to pass by-laws regulating the use of dangerous liquids for cleaning purposes in machine shops, garages and other places.

their turn-over. Thus the province will be able to collect a levy that will produce the basic dividends to distribute to various citizens.

Tax Was Proposed

He then proceeded, as an illustration, to explain how a tax of 65 cents a bushel would be placed on the farmer's wheat—5 cents on the wheat, so much on the miller, a cent a loaf on the baker, totalling in all about 65 cents on one bushel. I shall not criticize that plan further than to add that he has done nothing to implement the program, although on that he was elected. By his banking legislation he has turned to something entirely different, introducing a new scheme on which the people have not expressed approval.

In other words, Mr. Aberhart has thrown overboard the scheme on which he got the votes and is experimenting with something recently imported from overseas. That is the answer to the first question. The legislation disallowed by the Federal Government was no part of the policy on which the Alberta Government was elected.

The Second Question

The answer to the second question—"Would such legislation if adopted have brought basic dividends nearer to the people?"—is even more emphatically in the negative.

That much is certain, although there may be some confusion in current opinion. The question here is not whether the bill could not be something either in the three bills or in the explanation made by any of the ministers during the debate in the House or in the country, later, which gives any enlightenment as to what the Government was aiming at.

The most important bill of the three, providing for a board of management, to be composed of three persons, appointed by the Government and adequately recompensed for their work—together with two appointed by the bank. These five would "sit in" at every branch bank in the province. But there is little or nothing in the bill which enlightens the curious as to what they would do or could do further than "sitting in" and drawing the salaries. Employees of the bank or otherwise, to explain what that amazing pledge means.

The aim of the government in this mysterious legislation cannot be discerned from the bills themselves, or from any comment of the ministers, but a ray of light does break through from a speech by the master himself. Major Douglas, in a recent utterance in England, said that his plan would be to call the bankers together, announce imposition of a head tax on each employee of about \$500, order the banks to provide Social Credit at once and in short order, and if they failed, to increase the head tax by \$1000, or \$500,000 for each employee. That would bring the banks to their knees.

Mr. Low, in introducing this bill into the Alberta legislature, that she is getting along well. The W.W. held a meeting at the home of Mrs. Amundson last Thursday, with a fairly good turnout. Little business was done beyond arranging to call on the bank to clear out the hall next Wednesday.

The Rev. Mr. Hjortas, former Lutheran minister in these parts, was visiting in the district over the week-end and held a service last Sunday at the home of Mrs. Amundson.

The Prophetic Bible Institute is now conducting a Sunday School service at the Church Hall.

Mrs. Harwick has now joined her husband at Aldridge and is in the village has a new tenant.

The village office has been "sided" and also has had a new coat of paint, which has greatly improved its appearance.

Return From Mountain House. Dorothy Robison has returned from Rocky Mountain House to continue her studies here.

J. A. Macneil was in Edmonton last week and took with him his son Chester, who is to finish off his Grade 12 there.

WE EXPECT A CAR OF

Windsor Salt

THIS WEEK-END

This car will have a good supply of EASTERN COARSE SALT, which we have had many enquiries for. More about this car next week.

SAFeway STORES LIMITED

seems to have been inspired by the same idea. He said the bank should provide Social Credit and in case they did not know the meaning of the same or how it was to be done, the Government would soon put them right.

Provided For Head Tax

The bill itself provided for a head tax for all bank employees—not as large as the Douglas figures—with provision for an increase not to exceed 1000 times the original amount if anything went wrong with the operations.

This side-light leads one to believe that the aim of the Government, under inspiration of the Douglas experts—is to get the Alberta bankers over a barrel, and keep them there until they come through with basic dividends as Mr. Aberhart interprets the term. It is an exciting thought not a very pretty picture.

But all the banks in Alberta are branch banks and all the Alberta bankers are employees of banks with headquarters, which are not in the province. The local bankers have very little influence over the general banking policy or administration of their banks and limited powers even in making local loans.

If every banker in Alberta were as ardent a Social Creditor as William Aberhart himself and all his cabinet ministers rolled into one, and if all the bankers, working in union under the instructions of Mr. Aberhart himself, should set out with all the powers they possessed, using all the resources at their command, and all the currency in their possession or that they could get their hands on, with all their powers of giving credit, they could not supply the basic dividends such as Mr. Aberhart spoke of in his election campaign, for 24 hours.

Mr. Aberhart may be using the thumb screw on the Alberta bank employees in an effort to make the banks at headquarters take action. But even if all the Canadian banks in joint action should unite to act under Aberhart guidance, they could do little more than the remote branches to provide the basic dividends.

This weird suggestion to force the banks to do what Mr. Aberhart has failed to do, is the most fantastic of all of the grotesque efforts made in Alberta in the last two years.

This raises a third question which I should prefer to overlook but which ultimately must be faced.

Does Premier Aberhart not know that this latest effort is quite as unsound and as impossible as any of his previous failures, and if so, why does he persist in it?

There are three possibilities. They are as follows:

1. Either the Government is still ignorant of the very elementary knowledge of business and commerce, which I do not believe to be the case, or
2. The visiting experts are building up a barricade, behind which Major Douglas can retreat without facing the real issue, or
3. Mr. Aberhart is purposely waging war on the banks to divert the attention of his followers from his failure to provide the dividends.

There is no other alternative.

In a subsequent letter, which may be the last of this series, shall make a brief analysis of the real functions of banks, in an effort to show the alarming price the people are paying for this mad effort of the Government to destroy banking institutions in Alberta.

The Churches

CHURCH OF ENGLAND IN CANADA

Incumbent: Rev. W. E. Herbert
Licensed Lay Readers: E. H. Jones, K.C., and A. T. Inskip
Organist: Miss Alice Inskip

7:30 p.m.—Praising.
Thursday, 8:00 p.m.—Prayer meeting.

The only Christianity that can do anything for us is a Christianity that makes us want to do something for others.

ST. ANDREW'S UNITED CHURCH

Services at 11 a.m. and 7:30 p.m.
Rev. J. G. Goldard of Delburne will have charge of both morning and evening services.

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Substance." The following is one of the Scriptural quotations contained in the Lesson-Sermon: "Let not him that is deceived trust in vanity: for vanity shall be his recompense" (Job 15:31). One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is as follows (page 458): "Christians rescue men to turn naturally from matter to Spirit, as the flower turns from darkness to light. Man then appropriates the things which 'eye hath not seen nor ear heard.' Paul and John had a clear apprehension that, as mortal man achieves no worldly honors except by sacrifice, so he must gain heavenly riches by forsaking all worldlyness. Then he will have nothing in common with the worldling's affections, motives, and aims."

QUALITY OF GASOLINE

HAS BEEN IMPROVED

The public debt to ingenuity and unceasing efforts of research engineers and men of science is nowhere better illustrated than in the story of gasoline.

Today's automobile engine would be impossible if it had to run on even the best kind of gasoline produced in 1919. In that year the average yield of gasoline from a barrel of crude oil was 4½ gallons. Now the yield is 19 gallons, more than four times as much.

In 1935, for instance, motorists of North America used between 18 and 19 billion gallons of gasoline. The refiners processed less than 975 million barrels of crude oil to get it. The best refining methods of 27 years ago could have produced from that crude oil not much more than four billion gallons—and that was all the gasoline there was in it.

To have furnished the additional 14 billion gallons of gasoline needed in 1935 by the refining methods of 1910 would have required nearly 1 billion barrels more crude oil. To have supplied by such methods the quality of gasoline needed by the modern car would have been impossible.

Monarch Yarn Week

Women's Felt Hats

NEW
Styles for Misses and for Women. Small, Medium and large head sizes. \$1.95

Silk Crepe Hose

Serviceable Pure Silk Crepe, with hile tops, heels and toes. New Fall shades and White. PAIR 59c

M. J. Bennett Is Knocked Down By Automobile

M. J. Bennett of this district was knocked down by a car on Barnett Avenue Tuesday morning, but suffered no injuries. Donald Campbell, the driver of the car, was proceeding slowly past the Royal Bank corner when Mr. Bennett stepped in his path. The speed of the car was so slow that Mr. Bennett was merely pushed over by one fender.

Letters to Editor

(Continued from page 1)
ward and upon its ability to over-ride the will of the people, and so to govern the world. This is the written opinion of Mr. V. G. Vickerson, late director of the Bank of England, in a pamphlet, "Finance in the Melting Pot."

He says further: "Banks are persons who at all times are adverse to the existing monetary system—those who ridicule the rules and regulations now governing the creation and issue of credit, those who emphasize the harm the existing system has done to this country and to the world, are people of low intelligence. They could not make a graver mistake."

"I have watched for 10 years every move, every wiggle, of financial policy; I have seen the effects of the greatest financial blunder the world has ever seen—our return to the gold standard. It was a mistake—its effect upon our basic industries I have watched the concerted press campaign against Roosevelt; I saw why we went off the gold standard again in 1931 and I see the rising tide of discontent against a state of affairs which is unjust and unnecessary."

Will anyone assert that Mr. Vickers does not know what he is talking about? Is he not endorsed by Mr. McKenna, chairman of the largest bank in the Empire, who says: "Banks control the policies of governments and hold in the hollow of their hands the destinies of the people."

And yet there are those who, betraying their complete ignorance of the existing system with every statement they make, are persuaded that those who are adverse to the existing monetary system, those who emphasize the harm it has done to this country and to the world, are people of low intelligence. They could not make a graver mistake."

Let them consider their own position before continuing to advocate a "money industry which depends entirely upon its own power to crush out the human impulse to go forward and upon its ability to over-ride the will of the people, and so to govern the world." And let those who understand "consider with an open mind upon what foundation their business is to rest in the future. Is it to depend upon their own superior wisdom over the ignorance and gullibility of their fellow men? If so, it will not prosper, nor can it last, for the people of the world are growing wiser."

NORMAN JAKES.
Mirror, Alta.

Large Crowd Sees Fight

(Continued From Page One)
of Calgary against Jim Lyness of Delburne. The boys gave a good show in a five-round draw.

Webb Frizzell Wins
Two victories were scored on technical knockouts in the first four bouts. Webb Frizzell of Lacombe dropped Howard Kish, also of Lacombe, in the third round of their scheduled five-round match. After the first round went even, Frizzell got his range and from then on there was no doubt as to which way the decision would go.

Bill Brooks, another local product, suffered a setback at the hands of Bud McElroy in their five-round skirmish. McElroy, who hails from Innisfail, had the bout pretty well in hand all the way and was the aggressor for most of the bout.

Another Technical K.O.
In the second fight on the card Bill Martin of Red Deer scored a technical knockout over Russell Craig of Delburne in three very rugged rounds. Martin led from the first and the Delburne boy's face became badly cut up. His seconds stopped the fight by tossing in the towel in the third after he went down under Martin's hard attack.

The opening encounter brought together Maxie Schmeling, Jr., and Gene Tunney, Jr., and was quite a fight. The young leather-pushers did everything but fall out of the ring and had the crowd almost rolling out of their seats with laughter.

Schmeling (Harry Hallings) and Tunney (Dudley Cole) both hail from Innisfail.

Jim Toller capably managed the affair and the fans went home pleased with their money's worth.
